

Ian Meyer

Seattle, WA · (316) 719-6454 · contact@ianwmeyer.com · linkedin.com/in/ianm1837 · github.com/ianm1837

OBJECTIVE:

Passionate and self-motivated Full Stack Web Developer with over 15 years of IT experience, extensive technical expertise, and a recent intensive training in modern web technologies. Seeking a challenging developer role to apply my coding skills, contribute to innovative projects, and further enhance the digital landscape.

EXPERIENCE

2017-Present

SEATTLE, WA

Full Stack Web Developer (Self-Taught & Bootcamp-Trained)

Technologies:

- Developed dynamic web applications using React, Next.js, Express, and/or Node.js
- Utilized MongoDB and MySQL/MariaDB databases, integrating with Prisma for efficient ORM.
- Implemented containerization solutions with Docker and orchestrated them with Docker Compose.
- Leveraged Cloudflare for content delivery, DNS configuration, and secure tunneling optimizing web performance and security.
- Experienced in deploying applications on both cloud and on-premises hosting environments.

Projects:

- PiHole Pause: A web application for managing the state of multiple PiHole instances at once
- Spectral: A privacy focused self-hosted messaging application.
- *Note:* All projects are showcased on my portfolio website: ianwmeyer.com

2017-Present

WHOLE FOODS MARKET

SEATTLE, WA

Sr Technology Support Specialist
